Projects – Lawley Creek Tributaries Partnership / Landslide Program

- Drain repairs & slope profiling
- Electric fencing
- Erosion matting (jute) on steep banks
- Lomandra on banks next to access track
- Trees on lower bank

Projects – Alcorn Creek Recovery/Landslide Program

- 2015/16 project restarted
  (absentee owner - lessee keen to work with LBCCG)
- Stream crossing, riparian fencing (CORE)
- Spring drainage, access laneway, stream crossing, weed mgt, slip profiling, fencing? (Landslide Program)
- Next stage – off stream water, remnant fencing

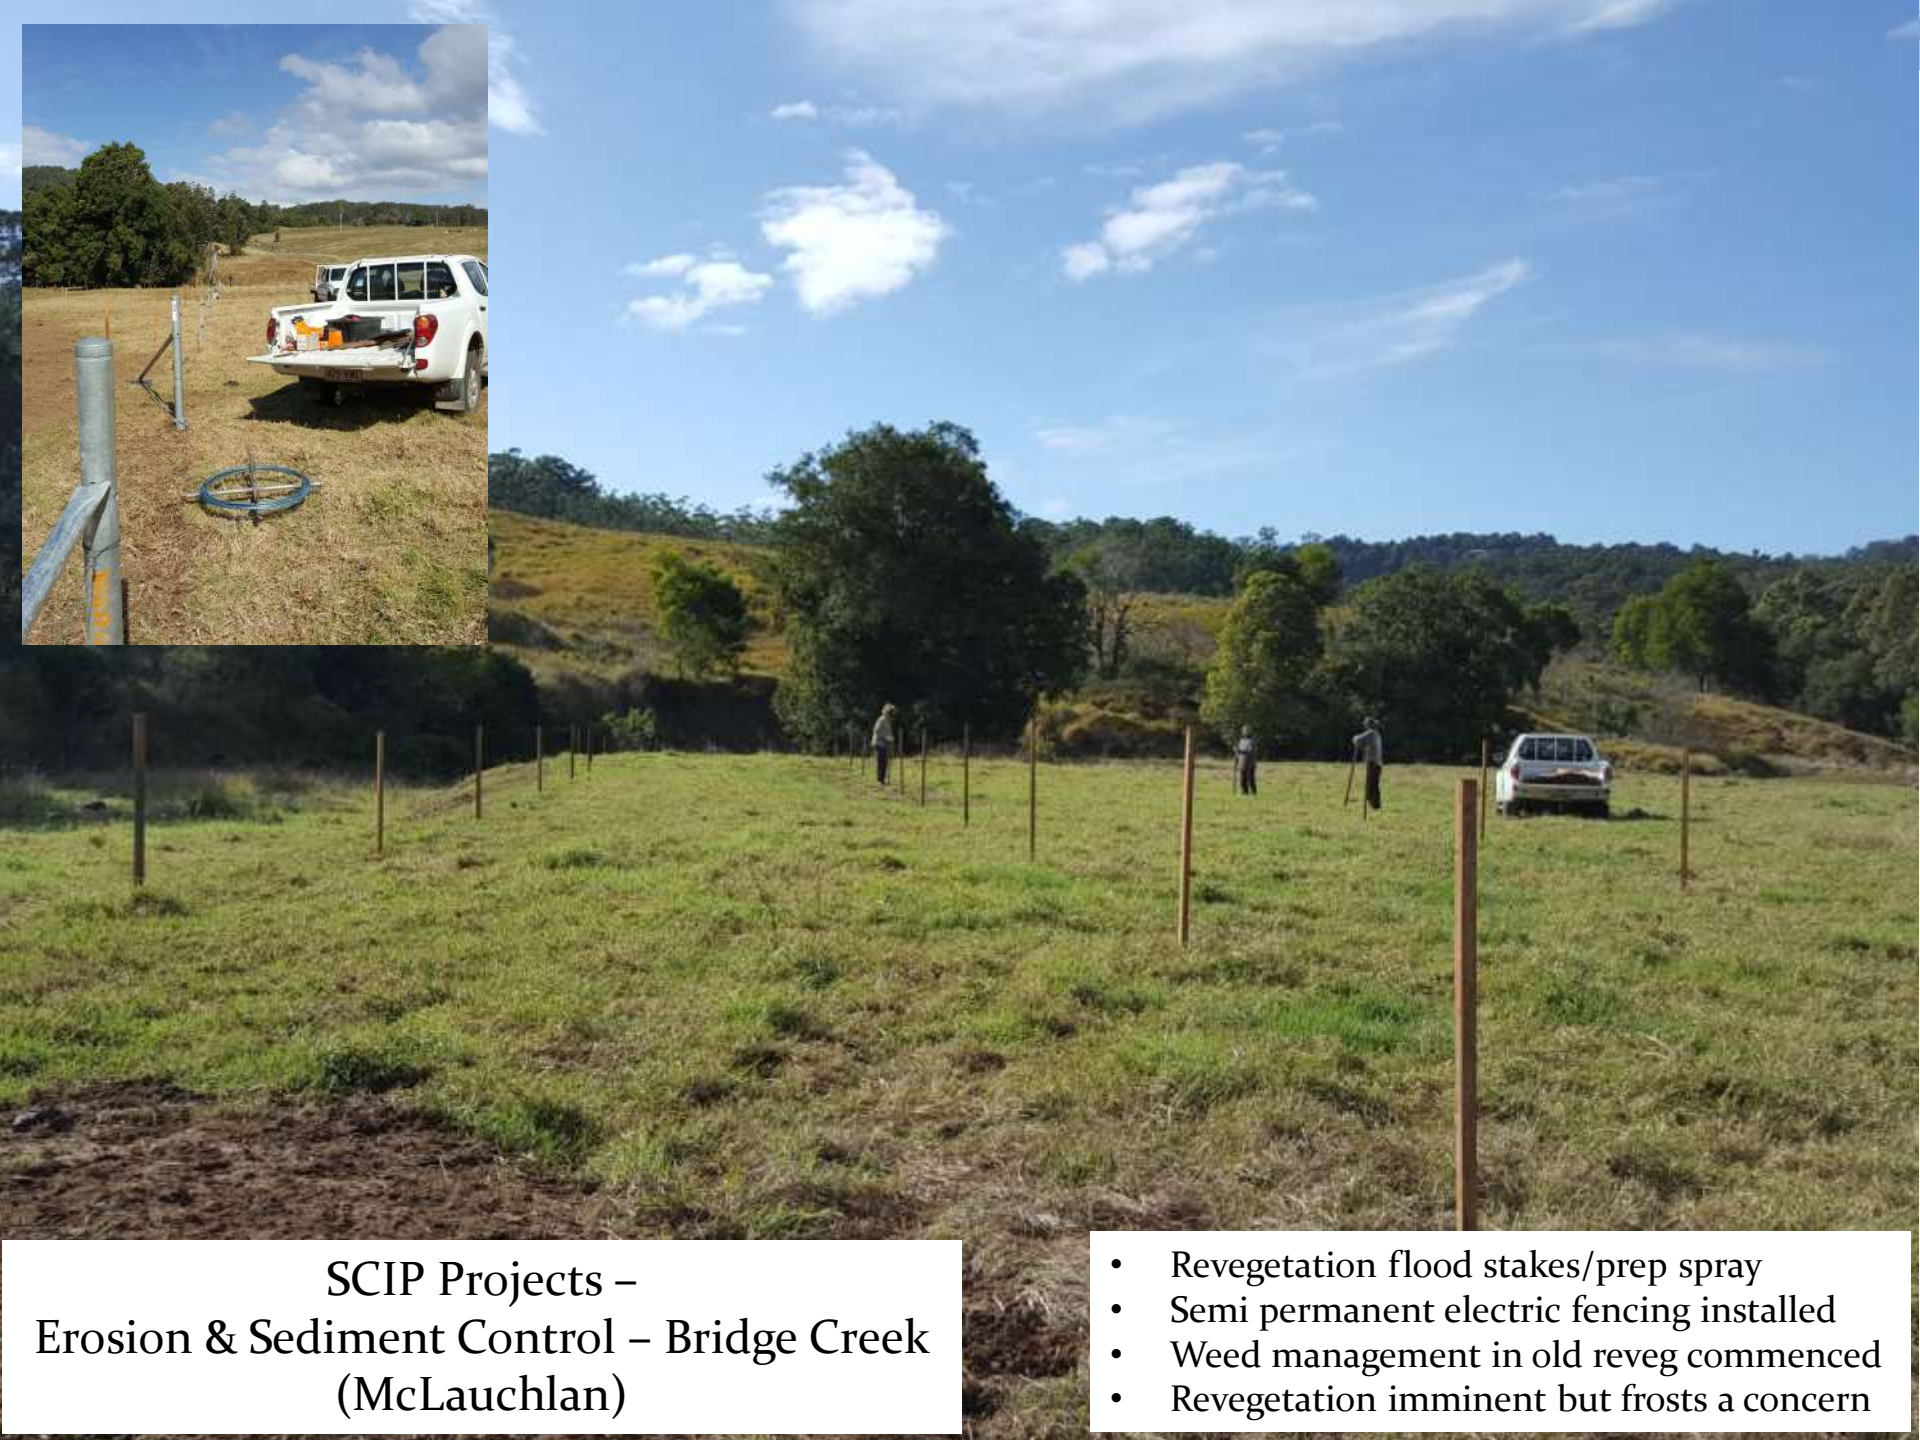
Very reliable spring on Richardson (Walker) property

Earle/Barlow/Piva/Shipp (Bridge Creek Connections - CSA grant)

- Flood in January 2017 causes bend erosion in Bridge Creek
- Large Eucalypt in creek bend pushing flows onto outside bend
- Attempt to remove with 6 ton excavator failed
- 20 tonne excavator in July 2018 removes tree (was being used next door on McLauchlan erosion SCIP project)

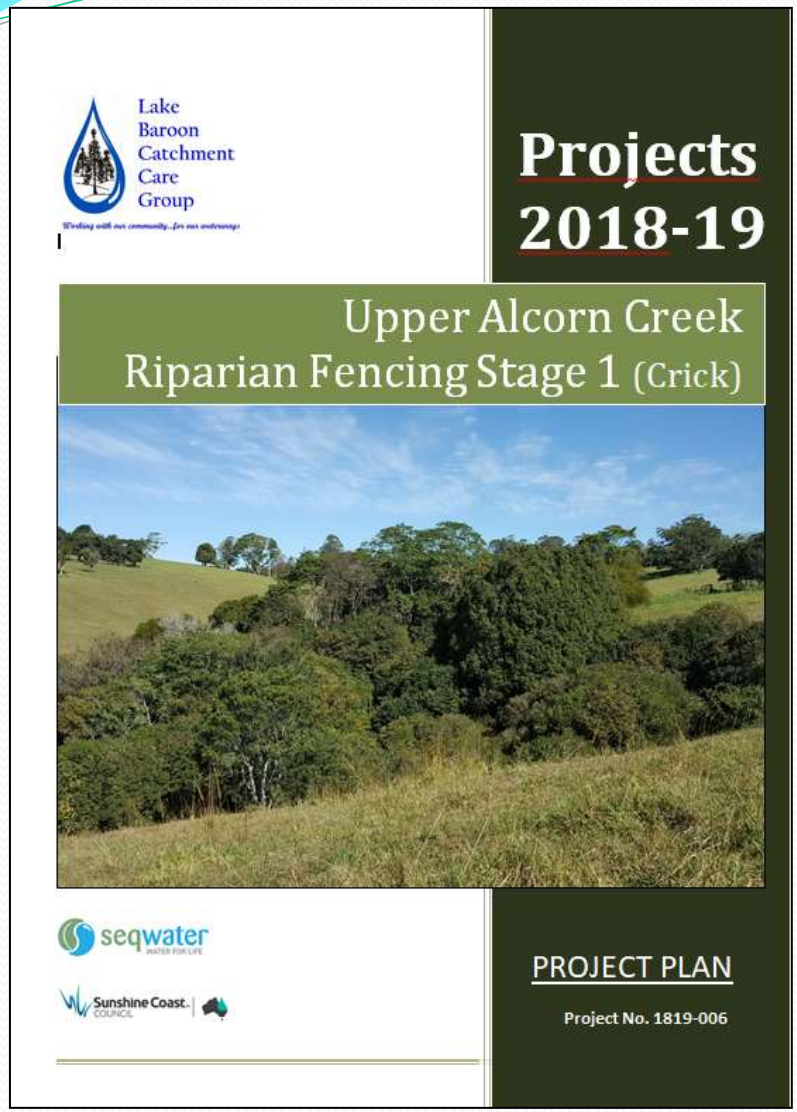
Projects – Other

- High School dam & gully weed management (Weed Program)
- Erowal weed management (CORE & Weed Program funding)
- Newsham QUT Ground Penetrating Radar support (Landslide Program)
- Jones wetland (Reesville) bank reinstatement progressing

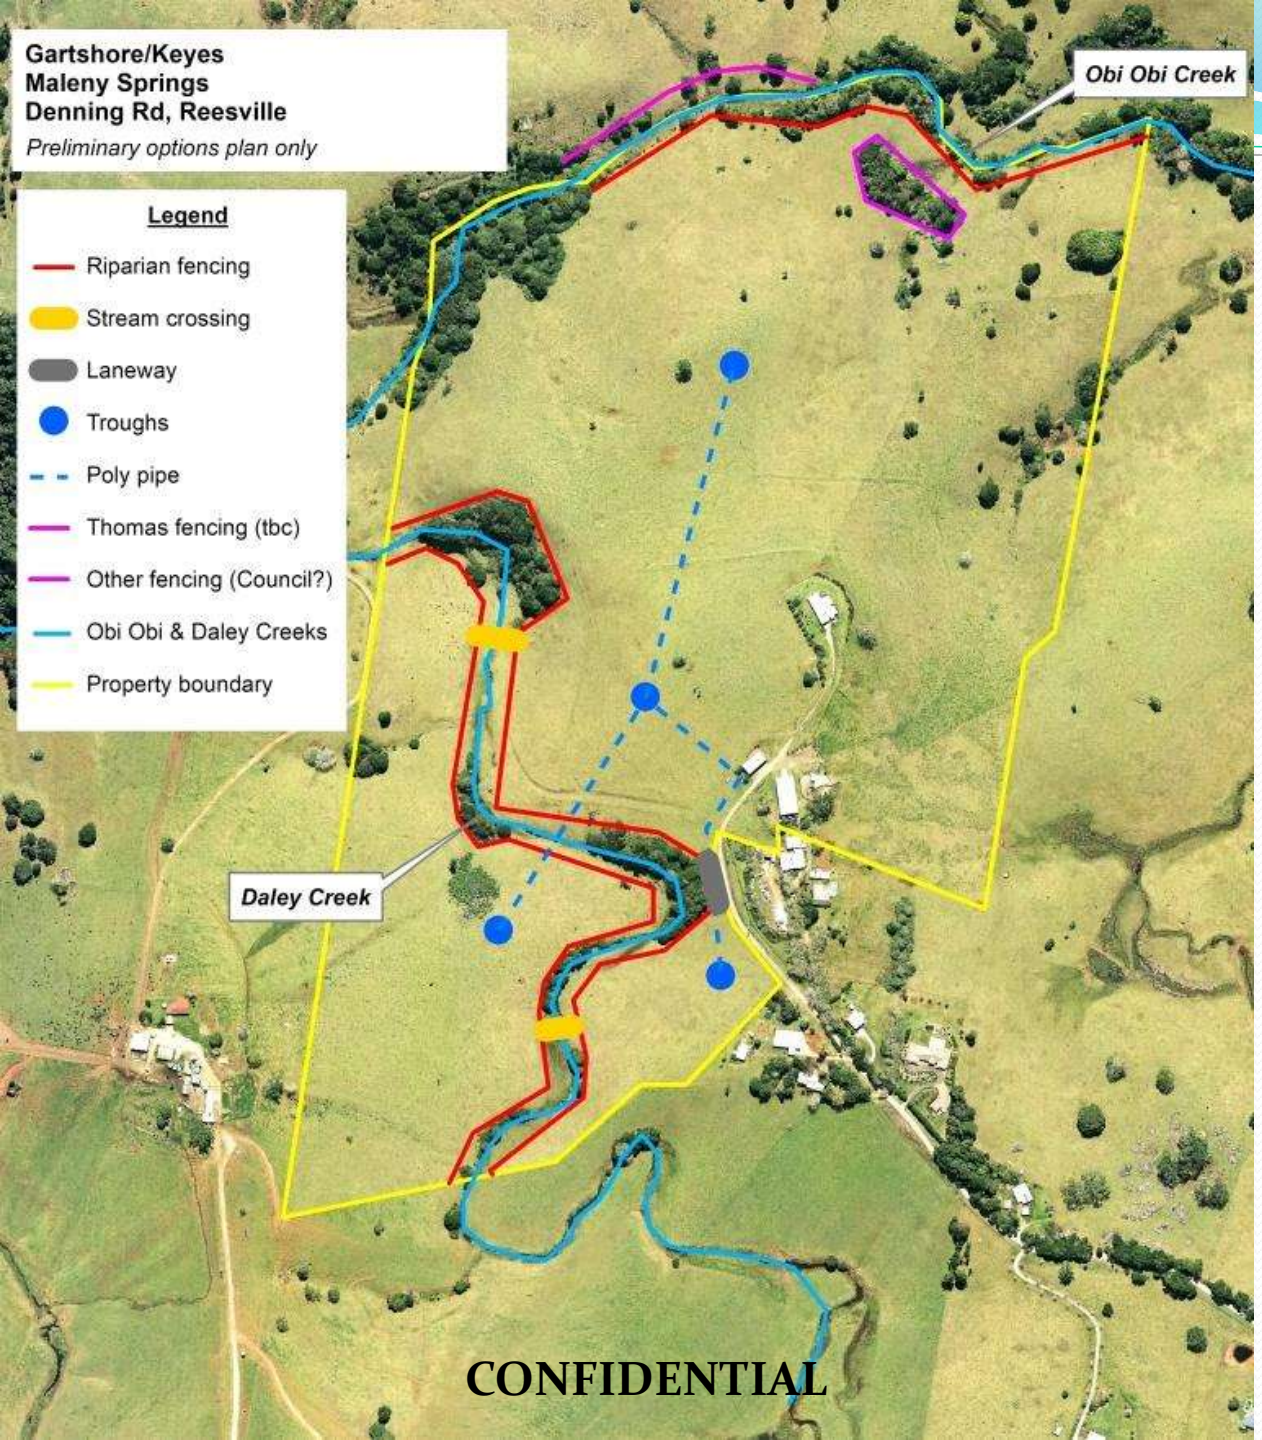


SCIP Projects –
Erosion & Sediment Control – Bridge Creek (McLauchlan)

- Revegetation flood stakes/prep spray
- Semi permanent electric fencing installed
- Weed management in old reveg commenced
- Revegetation imminent but frosts a concern



Project Development –
Upper Alcorn Creek
(Crick – ex-Marsson)

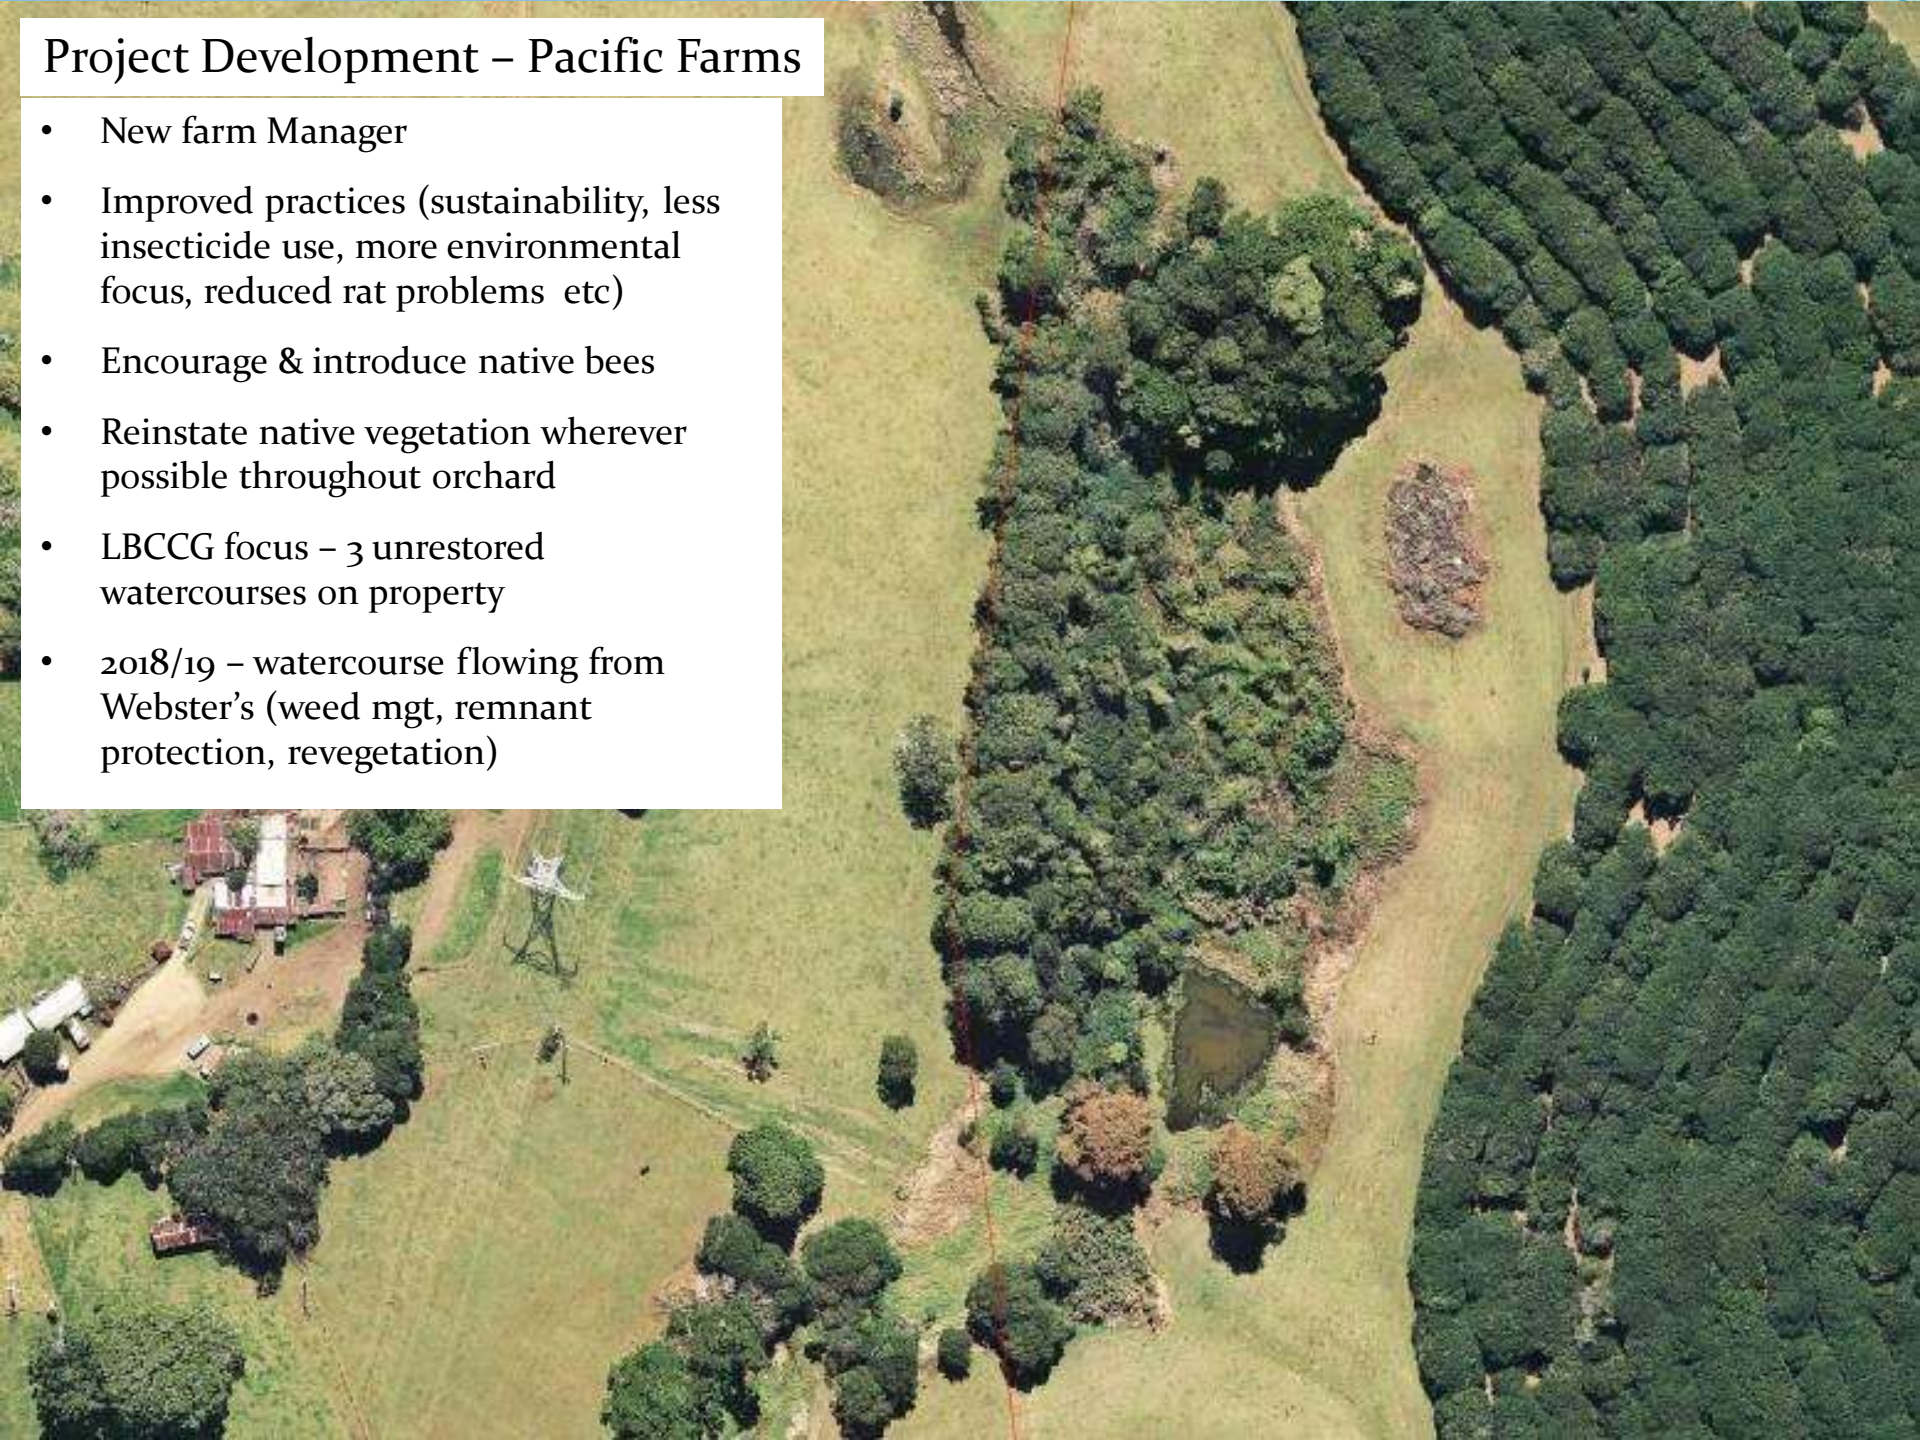


Project Development – Gartshore/Keyes (Maleny Springs)

- Referred to LBCCG by SCC Alan Wynn
- Extensive riparian fencing
- Off stream watering
- Stream crossings
- Riparian revegetation (landholders with SCC support)

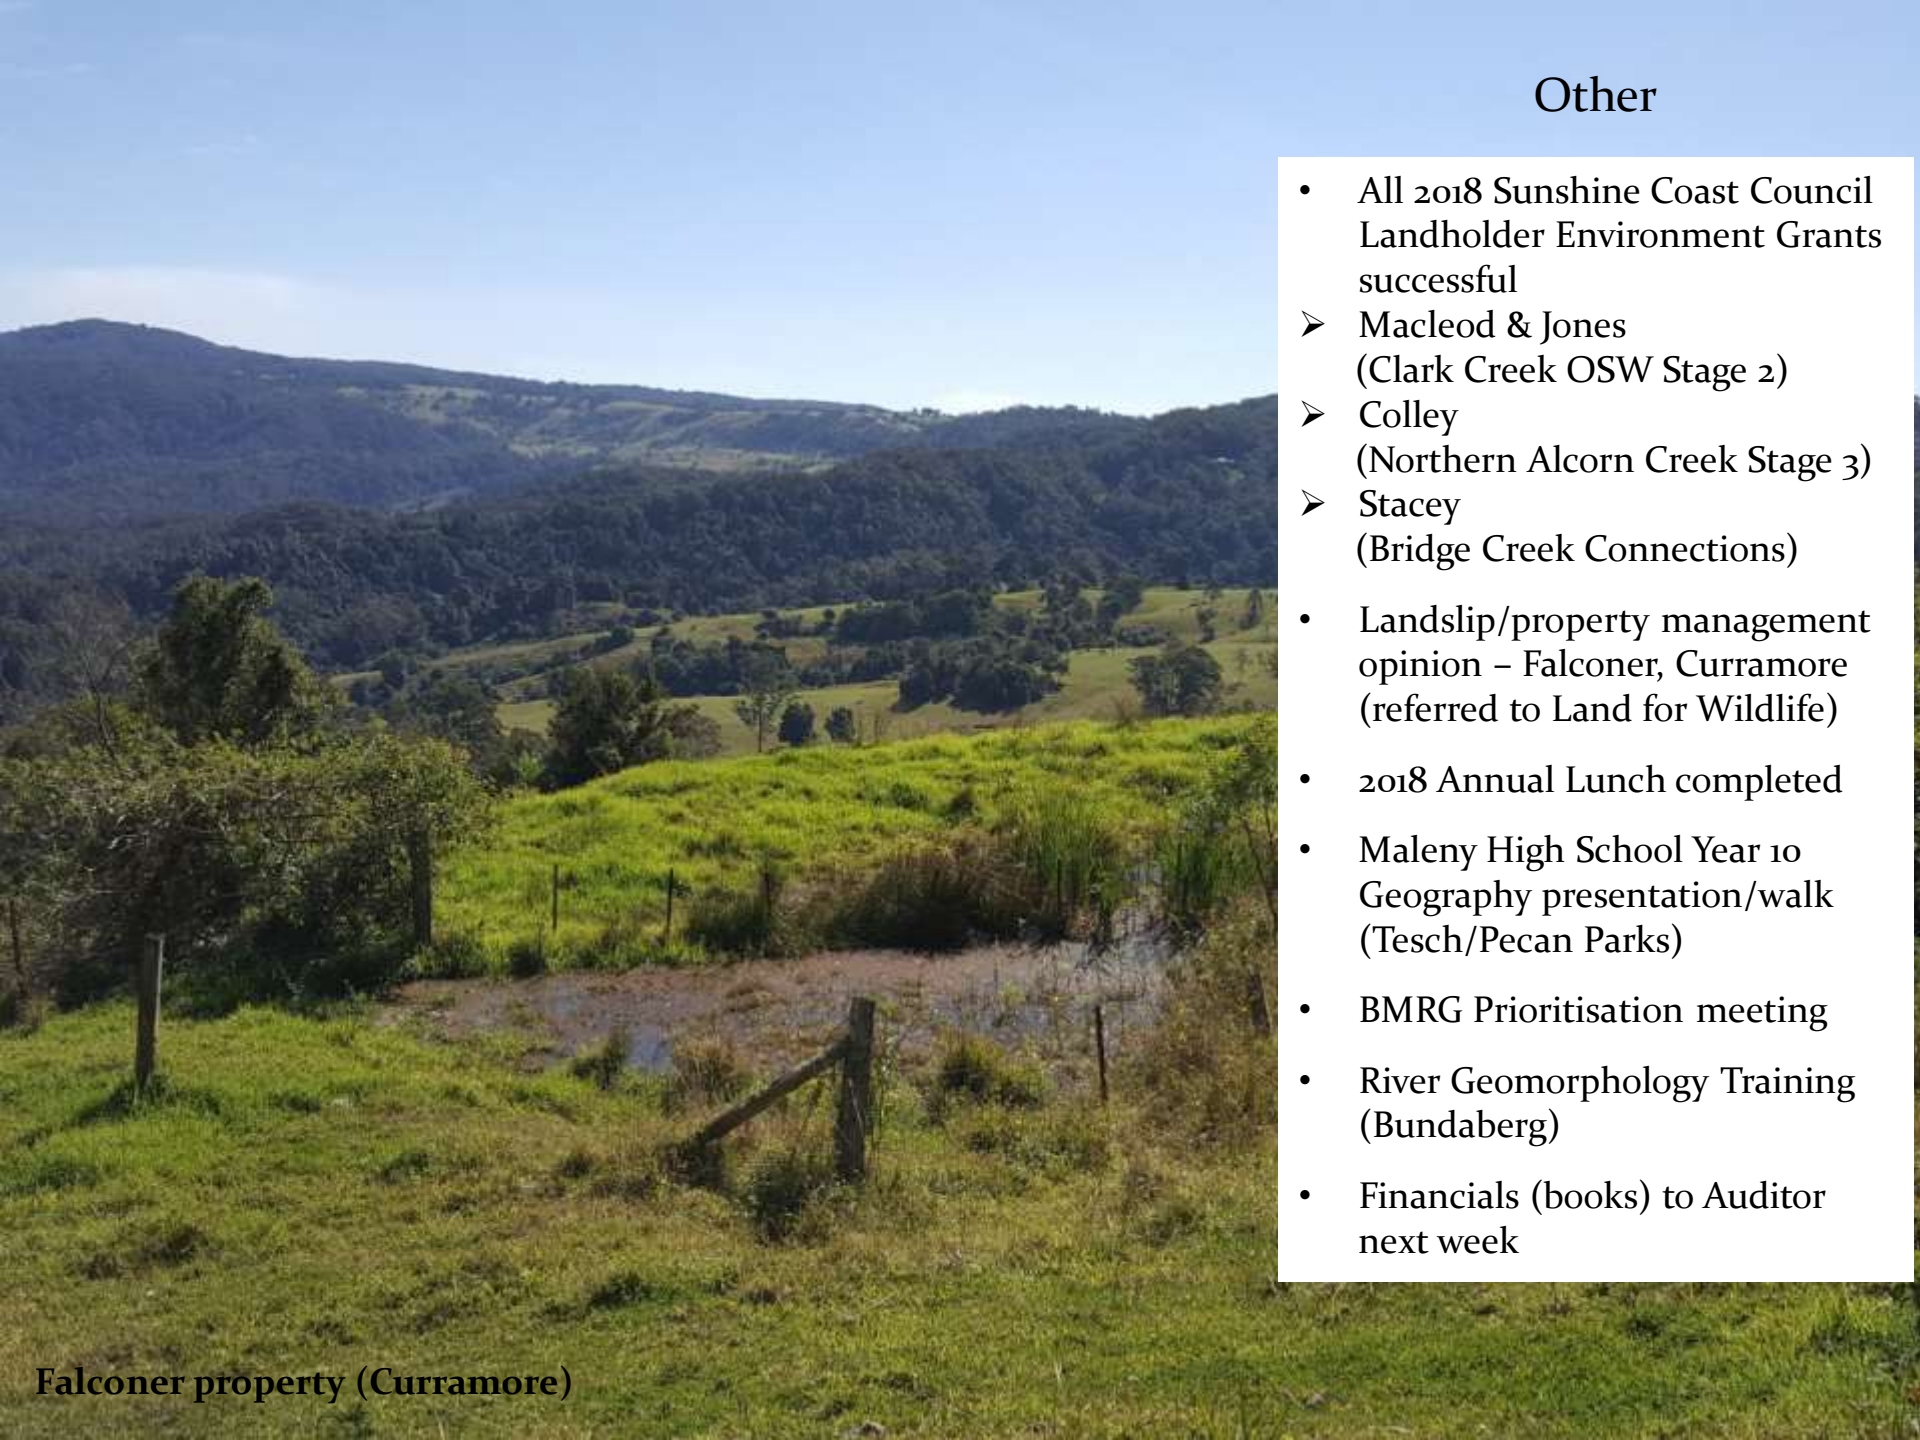
Project Development – Pacific Farms

- New farm Manager
- Improved practices (sustainability, less insecticide use, more environmental focus, reduced rat problems etc)
- Encourage & introduce native bees
- Reinstate native vegetation wherever possible throughout orchard
- LBCCG focus – 3 unrestored watercourses on property
- 2018/19 – watercourse flowing from Webster's (weed mgt, remnant protection, revegetation)



2018/19 LBCCG Annual Investment Strategy
PART 2 – Annual Work Plan

- Part 1 Projects approved
- Part 2 can be completed when Audit finalised



Falconer property (Curramore)

Other

- All 2018 Sunshine Coast Council Landholder Environment Grants successful
  - Macleod & Jones (Clark Creek OSW Stage 2)
  - Colley (Northern Alcorn Creek Stage 3)
  - Stacey (Bridge Creek Connections)
- Landslip/property management opinion – Falconer, Curramore (referred to Land for Wildlife)
- 2018 Annual Lunch completed
- Maleny High School Year 10 Geography presentation/walk (Tesch/Pecan Parks)
- BMRG Prioritisation meeting
- River Geomorphology Training (Bundaberg)
- Financials (books) to Auditor next week

What's next?

Next four weeks

- Sunshine Coast Council Environment Levy Partnership acquittal
- Annual Investment Strategy
- Gartshore Project Plan
- Pacific Farms Project Plan

Four to eight weeks

- National Landcare Conference (October) presentation preparation
- CORE project work:

➢ McLauchlan SCIP revegetation
➢ Stream crossings (Willims, Barlow, Richardson x 2)
➢ Weed management (Willims, Colley)
➢ Fencing (Colley, Richardson, Macleod, Thomas)
➢ Landslip drainage (Richardson)
➢ Wetland bank repairs (Jones)
➢ Road base delivery (Lawley)
